

Swedish Prison and Probation Service

Application for transfer of enforcement from Sweden to another country

How to apply:

If you would like to serve the sentence you received in Sweden in another country, please apply by post to the Swedish Prison and Probation Service, 601 80 Norrköping or send an e-mail to hk@kriminalvarden.se. No special application formatting is required but please feel free to use the form provided below.

Consequences of a transfer of enforcement from Sweden:

The Swedish sentence will be enforced in accordance with the laws and regulations of the other country. This means, among other things, that a conditional release and/or supervision following a conditional release will take place in accordance with the laws and regulations of the country in question.

If you are currently held in detention in Sweden, you will be transported to the other country. If, when receiving your sentence, you are not held in detention, you will be contacted by the other country.

Disclosure of information to a third party:

If a family member or friend is helping you with the application for a transfer of enforcement and you want that person to be kept informed about the progress of your case, you can provide the Swedish Prison and Probation Service with a power of attorney. The power of attorney must clearly state the name of the person to whom details of your case may be disclosed. In the absence of a power of attorney, the Swedish Prison and Probation Service cannot, as a general rule of confidentiality, disclose details of your case to a third party.
