

To you as a client on probation

A gradual return to usual business will begin. This was decided by the Swedish Prison and Probation Service today.

From July, 1 to September 1, 2020 a gradual return to regular routines for the probation service will begin.

This means that the contact between you, as a client on probation, and the probation service will take place as physical meetings at the probation service office to a wider extent than has been the case during the spring.

The new decision can be reconsidered and changed if the risk of a spread of the disease in society is aggravated. The government and the Public Health Agency can then come up with new decisions and recommendations that affect the possibility of having physical meetings.

Background

As of March 16, 2020, the routines for clients on probation were temporarily changed. Most contact with the probation service was replaced by digital meetings. This was done to limit the spread of the corona virus in the society.

If you have any questions about the changed routines, contact your probation service office.

Don't forget!

**Tvätta händerna
ofta**

**Wash your hands
frequently**

Håll avståndet

Maintain social distancing

**Hosta och nys i
armvecket**

**Cough and sneeze into the
inside of your elbow**

**Meddela personal
om du känner dig
sjuk**

**Let the staff know if you are
ill**
